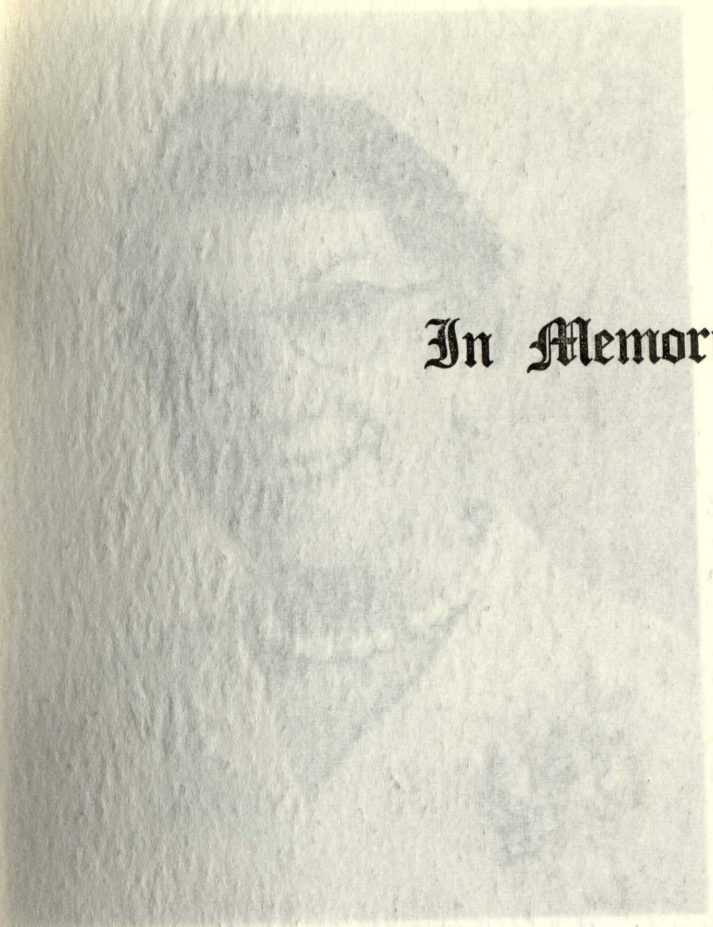
Number of rooms now in use.....43
Number of rooms considered temporary.....2
Current enrollment.....Elementary 403
Junior High 818
Number of teachers.....Elementary 12
Junior High 33

In Memoriam



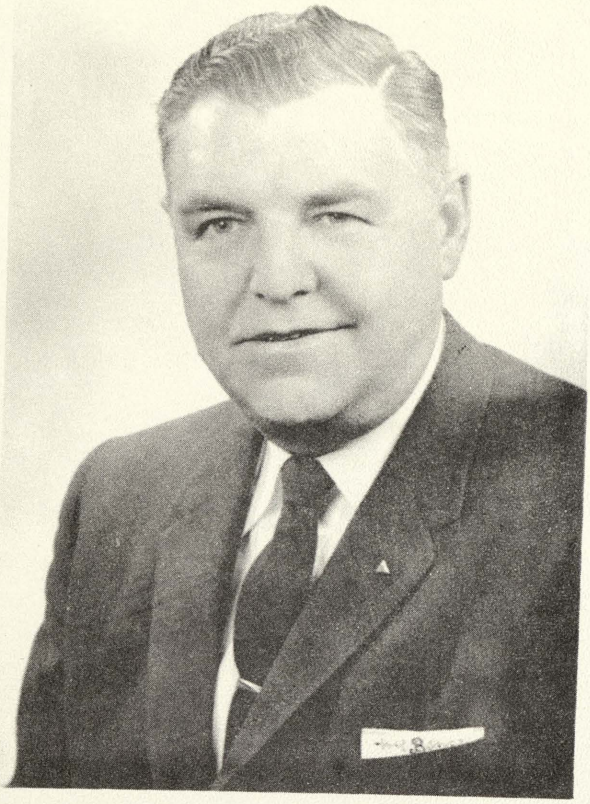
MRS. BERTHA REITLER
Cafeteria Manager

Students and faculty of North were saddened to learn of the death of Mrs. Reitler on November 28, 1956. Mrs. Reitler had been in charge of our cafeteria for fifteen years and was a familiar figure to most of us. All who knew her will surely remember this wonderful person.

MRS. BERTHA REITLER

Cafeteria Manager

Students and faculty of North were saddened to learn of the death of Mrs. Reitler on November 28, 1958. Mrs. Reitler had been in charge of our cafeteria for fifteen years and was a familiar figure to most of us. All who knew her will surely remember this wonderful person.



MR. FLOYD E. BYRON
Principal

You will treasure this year's Annual for many years. It will hold for you many memories of old friends and the activities you participated in while a student at North.

The Art, Journalism and Printing staff have worked hard to produce this fine book. We hope you will enjoy it, for it's the history of your life at North Intermediate School.

F. E. Byron

MRS. NAOMI M. MYERS
Elementary Principal

Dear Friends:

Somebody is Following You. No matter how small and inconsiderable a person you may seem to yourself to be, someone is being led by you.

It's up to you what Somebody will be!

Sincerely,

Naomi Myers

MR. JOHN D. PARR
Assistant Principal

It is indeed a pleasure to offer my best wishes to you in this, our third Northern Light. I hope each of you will experience success in your life and that you will achieve your goals. I also hope that your success in life will be a many splendored thing and that it will be more than simply $u¢ce$$. The only way to achieve our goal is through honest hard work. You are learning this today when you are told that when you play—play hard, but when you work—work hard. Try not to mix the two. I am very confident that the majority of our students of today will be the outstanding citizens in our community in the years to come.

John D. Parr

STUDENT TEACHERS

We students at North Intermediate School enjoyed having eleven student teachers come to visit us. These student teachers came from three colleges in Michigan: the University of Michigan, Central Michigan College, and Michigan State University. These people taught varied subjects from gymnasium to English. It was a pleasure having them as part of the N. I. S. faculty.

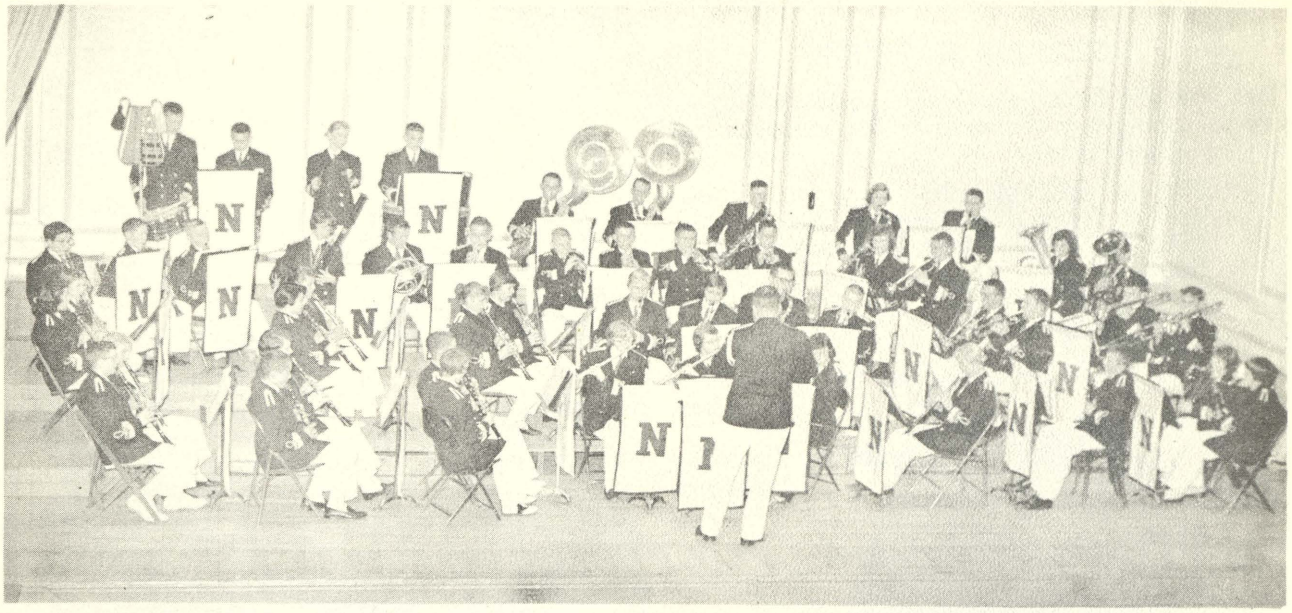
NORTHERN CAPERS

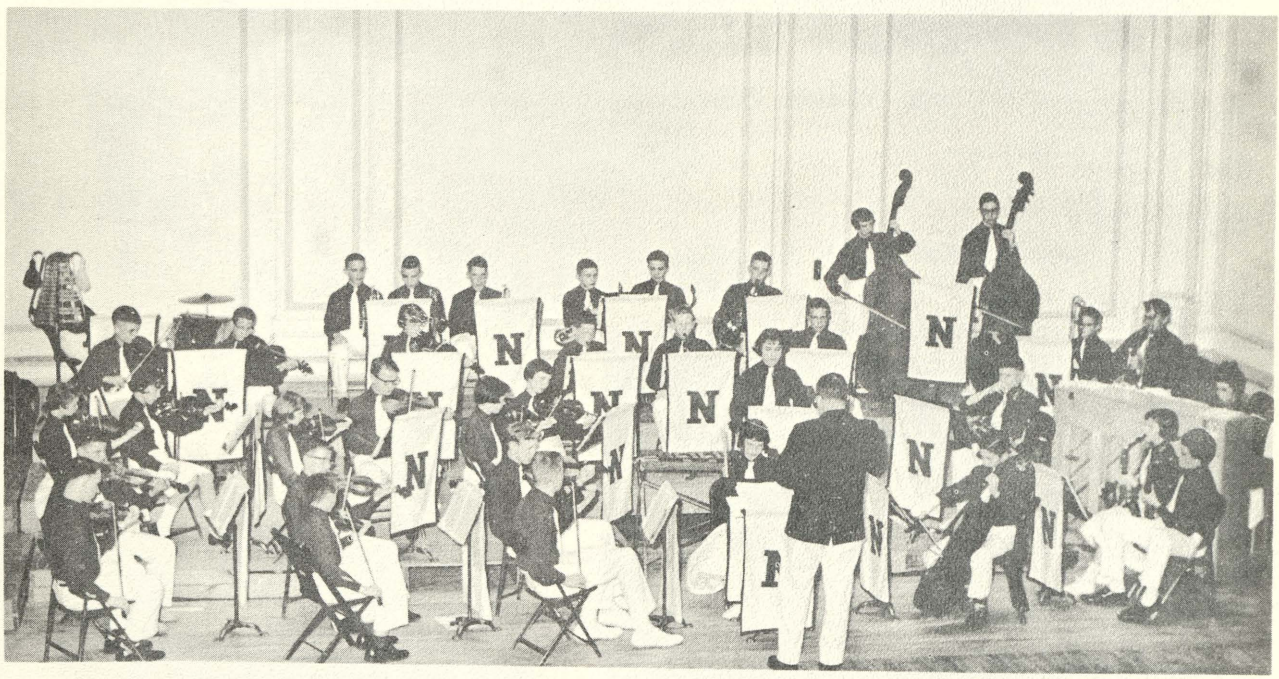
This year the Northern Capers presented a fine array of talented performers which included the following presentations:

1. DUKES OF DIXIELAND
   Arthur Noey, Eric Bryant, Mike Lewis, Mitchell Berlin, Grant Fox, Alan Hales, Kathleen List
2. MODERN TAP DANCE
   Diane Thompson
3. VOCAL SOLO
   Alys Wells accompanied by Diana Skentzos
4. FLUTE SOLO
   Elna Jameson accompanied by Louise McIntyre
5. MODERN DANCE
   Katherine Minard
9. MONOLOGUE
   Jean Gobble
7. TAP DANCE
   Geraldine Wickham
8. GIRLS' SEXTET
   Alys Wells, Janet Gilson, Diane Henne, Diana Skentzos, Janet Brubaker, Judy Johnson
9. MEXICAN DANCE
   Angelita Sanchez and Viviano Cuevas
10. PANTOMIME
    Barbara Minton
11. TAP DANCE
    Marcia Moreau
12. PANTOMIME
    Mary Catherine Koch and Jacquiline Smith
13. XYLOPHONE SOLO
    Judith Warner accompanied by Diane Leeman
14. BOYS' QUARTET
    Larry Yockey, Paul Meier, John Stammers, Philip Graham
15. CALYPSO DANCE
    Kathleen List
16. PANTOMIME
    Virginia Pudschun and Jan Mohrhardt
17. PIANO SOLO
    Robert Elliott
18. ACCORDION SOLO
    Ronald Jarzabkowski
19. MODERN JAZZ DANCE
    Billie Shaddeau
20. VOCAL SOLO
    Norma Diveley accompanied by Mary Lou Weibel
21. CHORUS LINE
    Kathleen List, Carol Diamond, Judy Nancarrow, Donna Schafer, Margo Geyer, Virginia Pudschun, Sperry St. John, Carol Munck.

Mistress of Ceremonies—Marla Hausser



BAND



ORCHESTRA

The instrumental Music Department is under the direction of Mr. Somerville. There are sixty members in the band and thirty-eight in the orchestra this year.

The band accompanied the Northern Capers between acts, has performed in several assemblies, and has also been in various parades.

On April 17 the Instrumental Department presented its annual Spring Concert.

FOURTH HOUR CHOIR

NORTH INTERMEDIATE MIXED CHOIR

This year the Vocal Music Department, under the direction of Mrs. Weibel, consisted of the Third Hour Mixed Choir and Fourth Hour Chorus.

These classes participated in an assembly and a special program for the P. T. A. The Mixed Choir and Girls' Glee Club presented the Christmas pageant.

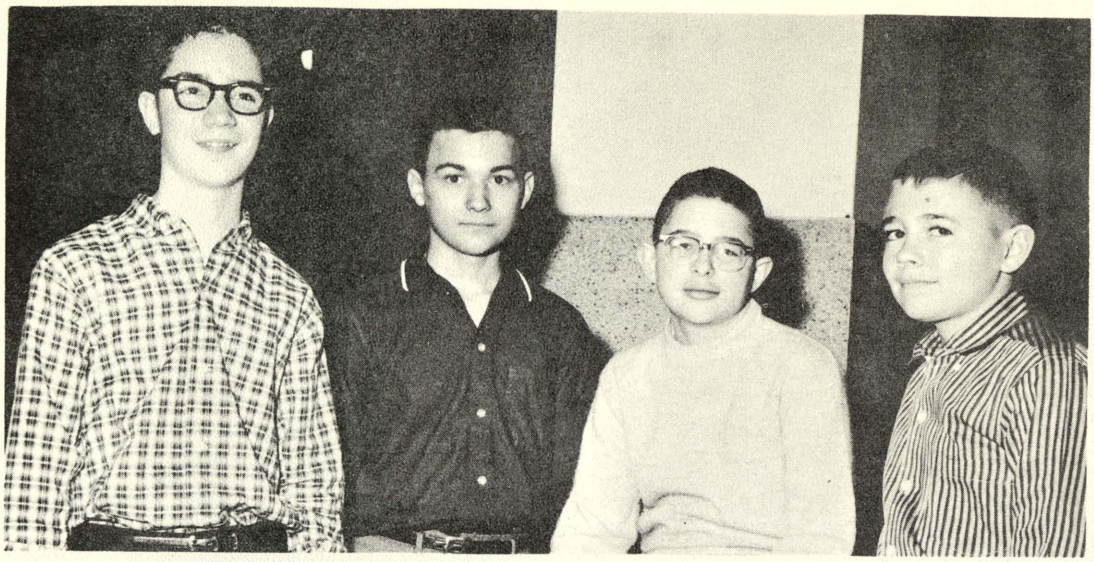
On May 21, the two choirs joined with the Girls' Glee Club to present the annual Spring Concert.

EIGHTH GRADE CHEERLEADERS

(Left tc right): Carolyn Hovis, Phyllis Reed, Carol Brussow, Sandy Keyser, Connie Krueger, Donna Dunbar, Sharon Hovis.

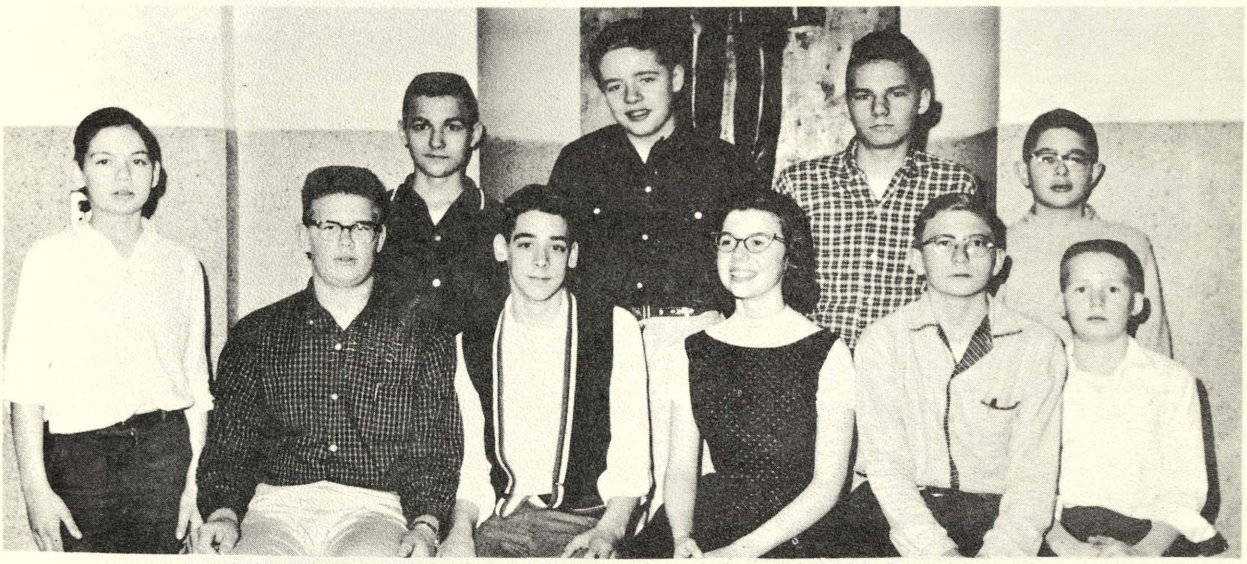
NINTH GRADE CHEERLEADERS

(Left to right): Sharon Brussow, Kathy List, Jan Moessner, Kathy Schmidt, Margaret Cansfield, Virginia Pudschun, Carol Munck.



SCIENCE FAIR WINNERS

(Left to right): Fred Pond, Rene St. Pierre, Edward Timm, Robert Schneider.



SCIENCE QUIZ TEAM MEMBERS

First row: James Jones, Rene St. Pierre, Bill Coats, Henry Wuckert, Edward Timm
Second row: Tom Nuerminger, John Day, Jeanne Gobble, John Puravs, Krekel Green.

SCIENCE HONORS

The Science Quiz two teams this year were the first semester's Oxidized Corroders and second semester's Magnetic Maniacs. Both appeared on W. N. E. M. - T. V.

The Science Fair winners this year were Edward Timm with fourth prize of 40 dollars. Robert Schneider with sixth prize of 30 dollars, Fred Pond with eighth prize of 20 dollars, and Rene St. Pierre with ninth prize of 15 dollars.

Elementary

Elementary Activities

Kindergarten

The kindergartner is not ready for reading—but he is ready for learning, for thinking, for playing, for working, for investigating the world around him. He is full of bounce, of curiosity of interest in the new and the different.

The kindergartner is not only ready to learn—he is eager to do so. He already has a tremendous fund of knowledge, of ideas, and concepts. The modern kindergarten capitalizes on this readiness for learning before it is lost or is wasted in undirected effort.

First Grade—Room 125

We had a very busy year. We had many interesting units. We enjoyed our unit on pets and animals. We brought our pets to school and went to visit some pets. We had a pet show and wrote stories and poems about our pets.

We had an Easter Program for our parents. The girls made Easter Bonnets; and the boys, gaily, colored ties. We had an Easter parade. We enjoyed working and playing with our friends in the first grade.

First Grade—Room 117

Many new fields of interest and learning were opened to us this year. It has been a busy but very pleasant year. We have enjoyed our newly developed ability to read and write and have made much use of it.

We have studied about pets, farm animals, community helpers, bakery, and plants.

First and Second Grades—Room 115

With our reading, writing and arithmetic we have studied units on the bakery, Indians, trains and the circus. For the latter we made a large frieze with tissue paper clowns cavorting about in many acrobatic tricks. We made a coal garden and planted grass seed. At Easter time we made papier mache eggs and painted them in many bright colors.

Fourth Grade—Room 208

We liked having Miss Linda Bartlett, a student teacher, with us the first semester. She and Mrs. Vogel and some parents took us to the Longway Planetarium, Flint, when we finished our unit on astronomy.

We also visited the ButmanFish Library and the Museum this year. Most of us have brought some interesting books to school about science and social studies.

Fourth and Fifth Grades—Room 218

The fourth and fifth grades in room 218 learned to work independently of each other, as well as together. We learned many new academic skills. A play was presented to the parents and to the upper elementary rooms at Christmas. We had fun in singing and learning square dances. The class enjoyed having Mr. Becker teach new games.

Second and Third Grades—Room 209

Our year has been a busy and happy one. We began our social studies with a unit on transportation. We learned about travel on land, water and in the air. The high light of this study was our trip to the Tri-City Airport.

Our science activities began with the gathering of seeds in September. We did many experiments using these seeds. We also enjoyed experiments with magnets, sound, crystals, and air. We collected items from the newspapers on space and made a scrap book for our Science Table.

Second Grade—Room 116

We've studied about trains, boats, dinosaurs, the bakery, firemen, policemen, and the dairy, and visited the fire station and the dairy. Every week we have made a room newspaper. In March we gave a musical play, "The Three Billy Goats Gruff" for our parents. At Christmastime we went caroling in the halls.

Third Grade—Room 212

One of the first units we study in the fall is Health. We learn that cleanliness and posture are very important if we wish to enjoy good health. In our work we learn about bacteria and germs. The children became very much interested in the subject of "Bacteria." We saw a movie on "Bacteria, Friend or Foe."

Then the children grew bacteria. Another child brought in a chart showing the different shapes of bacteria. Thus the interest grew. Now we are much more health-conscious, and try to do all that we can to keep harmful bacteria out of our bodies.

Fifth and Sixth Grades—Room 118

In science we discussed outer space and made science scrap books for newspaper clippings.

Sixth Grade—Room 213

The sixth grade has been divided into Science Interest Groups this year. The children have enjoyed this and have learned much about different phases of science.

We made pipe cleaner dolls and were asked to make them to decorate tables at the State Convention for The Childhood Education Association on May 2, 1959.

Many of our group have taken extra spelling, and extra arithmetic when we finish early.

Fifth Grade—Room 217

"Buenos dias ninos." This and many other Spanish expressions we've learned in connection with our study of Mexico. We made a Mexican Christmas Play and ended it with a Pinata Party.

Our study of Alaska made us change many of our wrong ideas about our 49th state.

Even though we've learned so much about the 48 states we know there is so much more to learn.

Long division and multiplying by three place multipliers seems easy now. Even common fractions and decimals aren't a mystery.
